

FIND A WAY TO GET INVOLVED!

The Ivey® is a not-for-profit 501(c)3 organization developed as a tribute to Founder Lynn Ivey's mother, who suffered from Alzheimer's, as well as her father who was her loving caregiver for many years. Seeing that adult day care was the best solution for her parents, Lynn created The Ivey as a national model that not only provides outstanding care for individuals fighting the disease but also creates a supportive environment for families coping with the challenges of caregiving.

Be part of this effort! Help The Ivey do even more to address the challenges that families face as Alzheimer's and other dementias impact their loved ones. Here are four ways you can get involved:

1. **Refer a Family.** More families will benefit if they simply learn about us, and visit to see what The Ivey is like. Our home-like environment is inviting and immediately makes guests and their families feel at ease.
2. **Connect us with a funding source – individuals, corporations or foundations.** Let us share our vision to become a national model for enriching the quality of life for older adults in need of socialization and care as well as their loving caregivers. As you may know, these issues are only going to grow as our population grows, and we have a unique and successful approach.
3. **Give to The Ivey.** Because we are a registered 501(c)3 nonprofit organization, your gift will be a tax-deductible contribution. More importantly, your gift will have a positive impact on our ability to provide the high quality services and environment that more families need and desire each day. You will also help us address the caregiving challenges, medical issues, and research opportunities related to Alzheimer's and other dementias.
4. **Schedule a personal tour.** Come see first-hand the warm, home-like environment where clients and their families receive high standard person-centered care, adult day care services, and caregiver support
